Biostimulants Market by Active ingredient (Humic Substances, Microbial Amendments, Seaweed Extracts, Amino Acids, and Others); By Crop type (Fruits & Vegetables, Turf & Ornaments, Cereals & Grains, Oilseeds & Pulses, And Other Crops); By Form (Liquid, and Dry); By Application method (Foliar Treatment, Soil Treatment, and Seed Treatment); By Geography (North America, Asia-Pacific, Europe, South America, and RoW), Industry Trends, Estimation & Forecast, 2018 – 2026

Description:
The research report offers a comprehensive picture of the Biostimulants market. The report initiates with the executive summary of the market that includes market definition, recent industry trends, and developments, strategies of the key players and wide product offerings. Moreover, the study explains the future opportunities and a sketch of the key participants actively operating in the market.

About Biostimulants Market
The Global Biostimulants market is expected to reach $5.2 billion by 2026 growing at a CAGR of 12.7% during the forecast period. Biostimulants are biologically produced fertilizers that are used to stimulate plant development and productivity, in addition to the nourishment of agrarian products. Biostimulants contain various formulations of microorganisms, substances, and compounds, which are applied on plants or soils. Low ecological footprint and non-toxic nature, need to enhance crop productivity owing to rapid soil degradation, and easier availability of seaweeds as raw materials are some of the factors driving the growth of the global biostimulants market. In addition, increase in Need for Sustainable Agriculture, and strong market demand from high-value crops this factors are also expected to drive the demand for biostimulants. However, commercialization of low-quality biostimulant products may act as a major hindrance for the market growth.

The research report is prepared based on the combination of qualitative as well as quantitative aspects. By thorough understanding, the report is fragmented by larger ratios. The report covers in-depth analysis with major factors such as drivers, restraints, opportunities, and challenges that influences the growth of the market. On the other hand, The Biostimulants report presents data starting from the base year 2018, historical year: 2014-2018, estimated the year 2019 and Forecast year from 2019 to 2026.

The Biostimulants market report offers the market size and estimates the forecast from 2019-2026. The forecast estimation is predicted based on the key regions that include North America, Europe, Asia Pacific, Middle East, South America, and the Middle East & Africa. Furthermore, the Biostimulants report provides a deep emphasis on secondary tools used to document the report. PEST analysis, SWOT, Porter’s Five Forces, and others are considered by the analysts while preparing the report.

Scope and Segmentation of the Market
Based on Type
By Crop type
Fruits & Vegetables
Turf & Ornaments
Cereals & Grains
Oilseeds & Pulses
Other Crops

Based on Application
Foliar Treatment
Soil Treatment
Seed Treatment

Each segment of the Biostimulants market is extensively evaluated in the research study. The segment analysis covered in the report aims at the key opportunities available in the Biostimulants market report by leading segments. In addition, the research report offers market dynamics for the market that influences qualitative as well as quantitative research.

Research Methodology
The report follows a comprehensive and rigorous research methodology to provide you accurate estimates and forecasts of a particular market. The report provides estimates, forecast, and analysis primarily based on secondary research, primary interviews, in-house database and other free as well as paid sources. In addition, the research methodology we follow is a systematic approach in order to estimate and project the market sizing keeping in mind all the ongoing and upcoming trends of the market.

Competitive Landscape
Key players profiled in this report include (Sales Revenue, Price, Gross Margin, Main Products, etc.): Artal Agronutrients
Arysta Lifescience Corporation
BASF SE
Bayer
Biochim S.p.A.
Biowert SL
Daymsa
ILSA S.p.A.
Koppert B.V.
Mahafeed Specialty Fertilizers Pvt. Ltd.
Micromix Plant Health Limited
Tradecorp Nutri Performance
Valagro
Through the successive chapters on the company, profiles provide deep insights on players operating in the Biostimulants market. It focuses on the financial outlook of the key players, the status of R&D, strategies adopted, expansion strategies, and many more. Analysts preparing the report have offered a detailed list of the strategic initiatives adopted by the Biostimulants market participants by referring past records and designing strategies to be adopted in the coming years. This enables the key players to stay ahead in the competition.

Regional Landscape
The chapter on regional segmentation details the regional aspects of the Biostimulants market. This chapter explains the regulatory framework that is likely to impact the overall market. It highlights the political scenario in the market and anticipates its influence on the Biostimulants market. Moreover, the report focuses on value and volume at the regional level, company level, and level.

Chapters covered under this report include:
Chapter 1, describes the Biostimulants market reports - market overview, executive summary, and market scope. Further, the report adds a support base to identify the information and pick in relation to the aforementioned market
Chapter 2, defines the research methodology based on primary as well as secondary research, secondary data sources, and assumptions & exclusions
Chapter 3, description of Biostimulants market in terms of its product scope, opportunities, drivers, restraints, and market risks
Chapter 4, the report offers a company profile of the top manufacturers of Biostimulants market with its sales, revenue, share, and others
Chapter 5 and 6, to narrow down the sales data at the country level with shares, revenue, and sales from 2018-2026
Chapter 7, the Biostimulants market data is published based on a regional level and to show the revenue, sales, and growth on basis of the base year 2018, historical year: 2014-2018, estimated the year 2019 and Forecast year from 2019 to 2026
Chapter 8, describes the Biostimulants market sales channels, distributors, research findings, appendix, and among others.

Contents:

TABLE OF CONTENTS
Chapter 1 Introduction
  • 1.1 Executive Summary
  • 1.2 Market Definition
  • 1.3 Market Scope
Chapter 2 Research Methodology
  • 2.1 Primary Research
  • 2.2 Research Methodology
  • 2.3 Assumptions & Exclusions
  • 2.4 Secondary Data Sources
Chapter 3 Market Overview
  • 3.1 Report Segmentation & Scope
  • 3.2 Key Market Trends
    • 3.2.1 Drivers
    • 3.2.2 Restraints
    • 3.2.3 Opportunities
  • 3.3 Porter’s Five Forces Analysis
  • 3.4 Market Share Analysis
Chapter 4 Global Biostimulants Market by Active Ingredient: Market Size and Forecast, 2018 – 2026
  • 4.1 Introduction
    • 4.1.1 Market Size and Forecast
  • 4.2 Humic Substances
    • 4.2.1 Market Size and Forecast
  • 4.3 Microbial Amendments
    • 4.3.1 Market Size and Forecast
  • 4.4 Seaweed Extracts
    • 4.4.1 Market Size and Forecast
  • 4.5 Amino Acids
    • 4.5.1 Market Size and Forecast
  • 4.6 Others
    • 4.6.1 Market Size and Forecast
Chapter 5 Global Biostimulants Market by Crop Type: Market Size and Forecast, 2018 – 2026
  • 5.1 Introduction
    • 5.1.1 Market Size and Forecast
  • 5.2 Fruits & Vegetables
    • 5.2.1 Market Size and Forecast
  • 5.3 Turf & Ornaments
    • 5.3.1 Market Size and Forecast
  • 5.4 Cereals & Grains
    • 5.4.1 Market Size and Forecast
  • 5.5 Oilseed & Pulses
    • 5.5.1 Market Size and Forecast
  • 5.6 Other Crops
    • 5.6.1 Market Size and Forecast
Chapter 6 Global Biostimulants Market by Form: Market Size and Forecast, 2018 – 2026
  • 6.1 Introduction
    • 6.1.1 Market Size and Forecast
  • 6.2 Liquid
    • 6.2.1 Market Size and Forecast
  • 6.3 Dry
    • 6.3.1 Market Size and Forecast
Chapter 7 Global Biostimulants Market by Application Method: Market Size and Forecast, 2018 – 2026

- 7.1 Introduction
  - 7.1.1 Market Size and Forecast
- 7.2 Foliar Treatment
  - 7.2.1 Market Size and Forecast
- 7.3 Soil Treatment
  - 7.3.1 Market Size and Forecast
- 7.4 Seed Treatment
  - 7.4.1 Market Size and Forecast

Chapter 8 Global Biostimulants Market by Geography: Market Size and Forecast, 2018 – 2026

- 8.1 Introduction
  - 8.1.1 Market Size and Forecast
- 8.2 North America
  - 8.2.1 North America Market Size & Forecast, By Country
  - 8.2.2 North America Market Size & Forecast, By Active Ingredient
  - 8.2.3 North America Market Size & Forecast, By Crop Type
  - 8.2.4 North America Market Size & Forecast, By Form
  - 8.2.5 North America Market Size & Forecast, By Application Method
  - 8.2.6 The U.S.
    - 8.2.6.1 Market Size and Forecast
  - 8.2.7 Canada
    - 8.2.7.1 Market Size and Forecast
  - 8.2.8 Mexico
    - 8.2.8.1 Market Size and Forecast
- 8.3 Europe
  - 8.3.1 Europe Market Size and Forecast, By Country
  - 8.3.2 Europe Market Size and Forecast, By Active Ingredient
  - 8.3.3 Europe Market Size and Forecast, By Form
  - 8.3.4 Europe Market Size and Forecast, By Crop Type
  - 8.3.5 Europe Market Size & Forecast, By Application Method
  - 8.3.6 UK
    - 8.3.6.1 Market Size and Forecast
  - 8.3.7 Germany
    - 8.3.7.1 Market Size and Forecast
  - 8.3.8 France
    - 8.3.8.1 Market Size and Forecast
  - 8.3.9 Italy
    - 8.3.9.1 Market Size and Forecast
  - 8.3.10 Spain
    - 8.3.10.1 Market Size and Forecast
  - 8.3.11 Rest of Europe
    - 8.3.11.1 Market Size and Forecast
- 8.4 Asia-Pacific
  - 8.4.1 Asia-Pacific Market Size and Forecast, By Country
  - 8.4.2 Asia-Pacific Market Size and Forecast, By Active Ingredient
  - 8.4.3 Asia-Pacific Market Size and Forecast, By Crop Type
  - 8.4.4 Asia-Pacific Market Size and Forecast, By Form
  - 8.4.5 Asia-Pacific Market Size & Forecast, By Application Method
  - 8.4.6 India
    - 8.4.6.1 Market Size and Forecast
  - 8.4.7 China
    - 8.4.7.1 Market Size and Forecast
  - 8.4.8 Australia
    - 8.4.8.1 Market Size and Forecast
  - 8.4.9 Japan
    - 8.4.9.1 Market Size and Forecast
  - 8.4.10 South Korea
    - 8.4.10.1 Market Size and Forecast
  - 8.4.11 Rest of Asia-Pacific
    - 8.4.11.1 Market Size and Forecast
- 8.5 South America
  - 8.5.1 South America Market Size and Forecast, By Country
  - 8.5.2 South America Market Size and Forecast, By Active Ingredient
  - 8.5.3 South America Market Size & Forecast, By Crop Type
  - 8.5.4 South America Market Size and Forecast, By Form
  - 8.5.5 South America Market Size & Forecast, By Application Method
  - 8.5.6 Brazil
    - 8.5.6.1 Market Size and Forecast
  - 8.5.7 Rest of South America
    - 8.5.7.1 Market Size and Forecast
- 8.6 RoW
  - 8.6.1 RoW Market Size and Forecast, By Country
  - 8.6.2 RoW Market Size and Forecast, By Active Ingredient
  - 8.6.3 RoW Market Size and Forecast, By Crop Type
  - 8.6.4 RoW Market Size and Forecast, By Form
  - 8.6.5 RoW Market Size & Forecast, By Application Method
  - 8.6.6 Middle East
    - 8.6.6.1 Market Size and Forecast
  - 8.6.7 Africa
    - 8.6.7.1 Market Size and Forecast

Chapter 9 Company Profiles
9.1 Artal Agronutients
9.2 Arysta Lifescience Corporation
9.3 BASF SE
9.4 Bayer
9.5 Biochim S.p.A.
9.6 Biovert SL
9.7 Daymsa
9.8 ILSA S.p.A.
9.9 Koppert B.V.
9.10 Mahafeed Specialty Fertilizers Pvt. Ltd.
9.11 Micromix Plant Health Limited
9.12 Tradecorp Nutri Performance
